## **FROM OUR MISSIONARY**

My family and I are absolutely thrilled to serve with you in the area of missions. I'm amazed at how God allows us to work together in the greatest work in all the world. This is a work with eternal value.

2020 has been an uncommon year. Pandemic, lockdowns, and loss are the critical themes of the year, but I am reminded that God was not surprised by any of it. He is still in control and His grace and mercy are still abundant and available.

I want to thank you for your support, prayers, thoughts and kindness. Your mission support and effort will not be in vain. We love you all. Looking forward to 2021
