## FROM OUR MISSIONARY

I was raised with a father who was Hindu and a mother who was Christian in the city of Chennai. Due to several factors, our family was very sick and poor. It got so bad that many of us were on the edge of death.

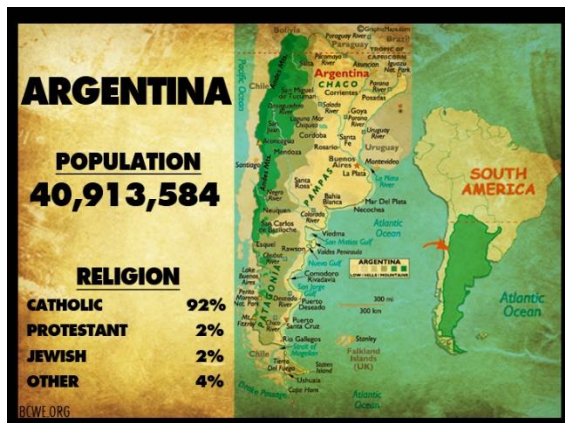

My family was contacted by a pastor who shared the gospel of Jesus Christ with our family. After he presented the gospel to us, everyone in the house from my family received Christ into their hearts.

I am so thankful for that day and for the faithful minister of the Word that came unto us.

## FROM OUR MISSIONARY

I received Christ in June of 2011. After having a bad experience and when I was about to lose my family, Christ saved me. God restored my family, and my wife and children accepted me. I studied at Bethel Baptist Seminary and joined the soulwinning club. This gave me experience as a soul winner for Christ.

In 2015, at the Fires of Evangelism Conference, we felt the call to serve God full time in His work. We are going to start Fundamental Baptist Church. Our goal is to be a soulwinning church that prepares leaders to serve and wins families for Christ.
